Garden Waste Skip has arrived and will continue throughout the summer
The Councillors are very pleased to report that the driving of vehicles on the Green has stopped

Annual Report of the Council

The Chairman read the Annual Report/Newsletter of the Parish Council.
A copy is in the Minute Book.

Matters of Concern raised by Parishioners

The Councillors note that there is much more consideration given to those parking vehicles within the village, although concern was again raised regarding the parking of vehicles outside the village hall.

When a vehicle is parked with all four wheels on the pavement, it makes it very difficult for parents with toddlers and pushchairs, and those elderly parishioners who are a little unsteady, to safely pass to enter the village hall. If the owners of these vehicles were actually attending the hall for a specific purpose, then the vehicle should be parked thoughtfully and with respect for those also the hall.

There being no further business, Chairman Richardson thanked all those attending.

Meeting Closed at 7.45pm
